## **MARI- MARI CULTURAL VILLAGE**

At the designated time, meet and greet with our guide and driver and proceed to start your journey to the most popular cultural village in Sabah. Upon arrival you will be greeted and be briefed about the village rules in preparation for your entering the village to experience pre-historic Borneo as it was. You will be led by a guide as you walk over a suspension bridge to enter the village. As you enter the village you will be guided to a Dusun House. Here you will gain knowledge about the tools/items that were used during the old days as well as the materials used in the construction of the house itself. Upon exiting through the back door you will enter a hut that is utilized for bamboo cooking and Montoku processing (distilled rice wine). As you move through the village there will be many places that you will see and be awed by the creativity of the olden people. Visit the Rungus, Lundayeh and Murut longhouse, the headhunters' tribe and see examples of Lansaran and Kirai culture. At the end of your visit, you will be entertained by our own staff in the performance hall while enjoying the Cultural Dances. Afterwards, you will be led to the dining hall where you can enjoy the high tea prepared by our local chef before heading back to Kota Kinabalu and to your hotel for drop off.
